To Whom it may Concern

Global Landscaping was contracted by Country Ridge Townhomes in the year of 2006. During that time they performed a weekly mowing of the lawns, trimming shrubs, and edging of the sidewalks and parking lots. They also did spring and fall clean-up of all the grounds.

I became manager of Country Ridge September 30, 2006. While I was not able to experience the full season of work that Global performed, I can say that during the limited time I did, they were kind, courteous and very respectful.

Sincerely,

A handwritten signature in brown ink that reads 'Cheryle A. Van Wert'.

Cheryle A. Van Wert  
Regional Manager  
Lewiston/Woodbury Management
