I have been working with Jeremy Morgan and Global Landscaping for about 2 ½ years and have been completely satisfied with the service that I have received through the years. I began working with Jeremy at Vista Villa Apartments in Saginaw and I am now the manager of Hampton House Villas in Essexville. I have always been impressed with the quality of work that Global Landscaping has provided to my properties. So much so that when I came on to Hampton House Villas last July, Global was the company that I thought of to come take care of our snowplowing needs for that coming winter. I will also be taking a bid from Jeremy for our upcoming grass trimming season and again look forward to working with him for our property needs.

I have not had any concerns that weren't addressed immediately and to my complete satisfaction. Jeremy is available to me for any questions that I have whether he is on the property or not and that is very important to me when it comes to both of us running our businesses smoothly. I would recommend his company 100% and know that he provides quality work and excellent customer service.

Sincerely,
