To Whom It May Concern:

I have been dealing with Global Landscaping since March of 2003. This has been one of the best companies I have had an association with in regards to the lawn care of my property. The prices that are offered by Global Landscaping for their services are very reasonable and always tend to keep competitive with the market. The work that they provide me with, on my property is exceptional; Global always goes the extra mile to help satisfy the needs of Woodland Glen.

Due to all of the above factors, Global Landscaping has gained a business relationship with Woodland Glen for years to come. If you are looking for a landscaping company that will treat you with the utmost respect, while continually showing that they care about your property and the quality of work they provide, then choose Global Landscaping. You will get "top-of-the-line" service with zero hassle and amazing results. I guarantee that once you give Global a chance, they will show you that they are capable of anything you need or want for your property.

If you should have questions or would like further elaboration on my above statement, please call me at my office.

Sincerely,

Kellie J. Sharp
